**SUBJECT: Corrected Report of Permit Applications and Federal Consistency Actions, Including Amendment Requests, Received for Processing**  
(For Commission Information Only)

This corrected report lists an application received by the Commission on March 24, 2014. In the original report mailed earlier this month, the co-applicants were incorrectly listed as the City of Alameda and Alameda Gateway.

This corrected listing is provided to allow members of the public who have an interest in a particular area or project to have the earliest possible opportunity to become involved in the Commission's review and analysis of the project. Inquiries should be directed to the staff member assigned to the project.
