PROMOTING THE BICYCLE FOR EVERYDAY TRANSPORTATION

September 14, 2016

To Commissioners:

On behalf of the San Francisco Bicycle Coalition, I am writing to express our strong support for the approval of the major permit application submitted by Treasure Island Community Development (TICD) and the Treasure Island Development Authority (TIDA) to redevelop Treasure Island and Yerba Buena Island.

The San Francisco Bicycle Coalition was pleased to be a part of the early visioning process for redevelopment, partnering with the San Francisco Department of Public Health to produce the Treasure Island Community Transportation Plan in 2009. We've continued to see this plan through and have worked collaboratively with TICD and TIDA throughout the planning process to ensure the highest quality street design was brought to the transportation infrastructure.

Overall, we are encouraged by the responsiveness of the design team and the significant improvements brought to the bike network, particularly on Macalla Road and the connections to serve the new ferry terminal. We are excited by the prospect of a beautiful perimeter route to complete yet another segment of the San Francisco Bay Trail and provide an enjoyable, safe, beautiful experience for the families, residents, and visitors who wish to bike and walk on these two islands.

The last several years have been a thoughtful and extensive process to get to where we are today. We hope this project can now take the next step with the approval of the permit before you.

Sincerely,

A handwritten signature in black ink, appearing to be "J. Li".
