**Proposed San Francisco Bay Plan Amendment No. 1-08
Concerning Amendment of Various Sections of the Bay
Plan to Address Climate Change and to Add A New Cli-
mate Change Section with New Findings and Policies**

Notice is hereby given that the San Francisco Bay Conservation and Development Commission will consider an amendment to the *San Francisco Bay Plan*. The proposed amendment would address climate change by updating several sections of the Bay Plan, including Safety of Fills, Tidal Marshes and Tidal Flats, Shoreline Protection, Mitigation, and Public Access and by adding a new climate change section with new findings and policies.

A **Public Hearing** on the possible amendment will be held on **November 5, 2009** at the Ferry Building, in San Francisco, California, starting at 1:00 p.m. At least thirty days prior to the initial meeting, the staff will prepare and mail a staff report and preliminary recommendation on the proposed amendment. Interested persons may request the staff report and present written comments on or before November 5, 2009. Oral comments may be presented at the November 5, 2009 Commission meeting or thereafter as directed by the Commission.

This **Notice** is prepared in conformance with Section 66652 of the California Government Code, Section 11001 of Title 14, Division 5 of the California Code of Regulations, and Section 311 of the federal Coastal Zone Management Act of 1980. If, after the hearing, the Commission adopts an amendment to the *San Francisco Bay Plan* described in this notice and subsequent staff report, such amendment will be processed as a routine program change of the Commission's federally-approved coastal management program for San Francisco Bay. Any federal agency interested should, therefore, comment to the Commission on or before February 5, 2009.

Whether the Bay Plan should be amended as described above, and in what manner, will be the subject of the public hearing and Commission deliberations.
