Notice of Revised Date of Public Hearing

September 24, 2021

Rescheduled Hearing Concerning Proposed San Francisco Bay Plan Amendment No. 1-19 to Review and Possibly Revise Bay Plan and Seaport Plan Port Findings, Policies and Designations

On January 17, 2019, the San Francisco Bay Conservation and Development Commission voted to initiate an amendment to the San Francisco Bay Plan and the San Francisco Bay Area Seaport Plan. The proposed amendment would involve a review and possible revision of the Plans' Port Findings, Policies and Designations. The initial descriptive notice adopted by the Commission set December 5, 2019 as the date for the public hearing on the proposed amendment and the Executive Director revised the date of the public hearing on the proposed amendment to October 21, 2021.

Notice is hereby given that a public hearing on the proposed amendment will be held instead on **February 17, 2022** at 375 Beale Street in San Francisco, California, starting at 1:00 P.M. At least thirty days prior to the initial public hearing, the staff will prepare and mail a staff report and preliminary recommendation on the proposed amendment. Interested persons may request the staff report and present written comments on or before the public hearing. Oral comments may be presented at the **February 17, 2022** Commission meeting or thereafter as directed by the Commission.

This Notice is prepared in conformance with Section 66652 of the California Government Code, Section 11001 of Title 14, Division 5 of the California Code of Regulations, and Section 312 of the federal Coastal Zone Management Act of 1980. If, after the public hearing, the Commission adopts an amendment to the San Francisco Bay Plan described in this notice and subsequent staff report, such amendment will be processed as a routine program change of the Commission's federally-approved coastal management program for San Francisco Bay. Any federal agency interested, therefore, should comment to the Commission on or before **February 17, 2022**.

Any written comment received subsequent to the close of the public hearing and public comment period will be distributed to the Commission; however, the staff will not provide a response to the comment in its staff recommendation but will advise the Commission whether it believes the comment raises a new, substantial issue. If the Commission determines that the comment raises a new, substantial issue, the Commission may reopen the public hearing, and the staff would prepare and distribute a new planning report.

Whether the Bay Plan should be amended as described above, and in what manner, will be the subject of the public hearing and Commission deliberation.
