The undersigned certify that, as of June 21, 2023, the internet website of the San Francisco Bay Conservation and Development Commission is designed, developed and maintained to comply with California Government Code Sections 7405 and 11135, and the Web Content Accessibility Guidelines 2.1, published by the Web Accessibility Initiative of the World Wide Web Consortium at a minimum Level AA success criteria.

Due to the historic nature of certain documents and/or time constraints due to BCDC's administration of its other statutory responsibilities, limited instances may occur in which documents or content on BCDC's website may not be fully compliant with the accessibility requirements of Section 508 of the federal Rehabilitation Act of 1973 pursuant to Government Code section 7405(a) due to the undue burden imposed on the agency to conform to Section 508 requirements. In these instances, please contact BCDC's Website Master specified below to request that the agency provide the documents or content in question by alternative means that meet identified needs.
