**Subject:** Re: SUBJECT: 4/18/2020 Meeting: Item 9 City of San Rafael Enforcement

Chair Wasserman and Commissioners,

TRAC, the Trails for Richmond Action Committee, applauds the Recommended Enforcement Decision for Enforcement Case ER2015.024.0 requiring the City of San Rafael to open the restroom and drinking fountain/water bottle filling station at the southern entry to Jean & John Starkweather Shoreline Park. These facilities have been closed to the public for far too long.

As illustrated by the attached map, the restroom and drinking water are very important for East Bay bicyclists and pedestrians after riding or walking at least six miles to reach the park via the [Richmond-San Rafael Bridge Trail](#), which is part of the regional San Francisco Bay Trail linking the East Bay and North Bay. Over 375,000 cyclists and pedestrians have enjoyed over 375,000 trips on the multi-use RSR Bridge Trail since it opened in November 2019.

Please approve the recommended enforcement decision and proposed settlement agreement.

Bruce
